Subject: An open letter to the NTOA

To my friends in Texas,

I wanted to take a moment and apologize for not being able to attend this weekend's meet. As Lisa passed along, I came down with a wicked case of the flu on Tuesday night and did not begin to recover until Sunday morning. As a net result I missed my first trip in almost 30 years of business travel.

I look forward to rescheduling my visit at a later date.

Again, my apologies.

Sincerely,
Glen
