Participant Name: The safety of all camp participants, volunteers and staff is of top priority. Leaders continue to review national, state, and local health department recommendations to ensure we comply with their guidance to mitigate the risks of COVID-19 being contracted at while at camp. Our mitigation plan includes: • Proof of Full COVID-19 vaccination OR a negative COVID-19 test within 72 hrs of attending camp. (Negative test should be dated 03 Jun 2021 or later) • Health screening upon arrival at camp on all persons that enter camp. This screening will be conducted by the driver of the vehicle or another adult traveling in the same vehicle. This screening will be conducted by the driver of the vehicle or another adult traveling in the same vehicle. This screening will include an at-home, self-administered COVID-19 test, the entire vehicle will not be allowed to enter camp. These checks will be conducted in/near the parking area at Lakeview Lodge (no camper should enter any part of Lakeview Lodge prior to being tested and cleared). Adults and campers, age 15 and older, will self-administer the COVID-19 test. (Parents/gugdrians of campers age 14 and younger agree to allow the adult transporting them to camp to administer the self-test). • Once camp has started (2:00pm, 06 Jun 21), no outside visitors will be allowed to enter camp without meeting the self-testing requirements outlined above. • PPE Requirements: Masks must be worn in buildings and when 6-foot distancing cannot be observed. • Extra handwashing or sanitizer stations throughout camp. • Enhanced cleaning and disinfection of high-touch surfaces and shared program equipment. • Food Service Protocols to stop potential spread of bacteria and virus. • An emergency response plan that includes an isolation and quarantine protocol should a person at camp develop symptoms of COVID-19 may show no signs or symptoms of illness, but can still spread the virus, and people may be contagious before their symptoms occur. The fact is that someone with COVID-19 may pass the required health screenings and be allowed into camp. We also know the very nature of camp makes social distancing difficult in many situations. Information from the Centers for Disease Control and Prevention (CDC) states that older adults and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19. If you are in this group, please ensure you have approval from your health care provider prior to attending camp. Every staff member and volunteer must evaluate their unique circumstances and make an informed decision before attending camp. We hope this information will be helpful as you make that choice. I understand that there is risk due to the contagious nature of COVID-19 and that the protocols outlined above constitute reasonable barriers to mitigate that risk. I agree to allow my camper to self-test for COVID-19 or to be tested (14 yrs and younger) with a home test kit upon arrival at TJOC by the transporting adult.

ALL CAMP ATTENDEES MUST COMPLETE THIS FORM PRIOR TO ENTERING LAKEVIEW LODGE FOR CAMP

Parental Commitment to Transport

Parents/Guardians, this form was created as a result of the special circumstances surrounding COVID-19 and our efforts to keep all camp participants and staff as safe as reasonably possible. While there is no guaranteed way to prevent COVID-19 from entering our camp, many participants will travel long distances to attend TJOC and we are taking all measures possible to prevent anyone at camp from contracting COVID-19 or being seriously injured. However, should a participant exhibit COVID-19 symptoms or be exposed, they MUST leave camp. Please read the information below and provide the requested information. No camper will be allowed to attend TJOC without a confirmed ride home during camp, should it be required. This permission must be obtained prior to a participant arriving at camp. Thank you for understanding of the precautions we are taking in an attempt to keep everyone safe.

"I understand that any time during my child's stay at Sid Richardson Scout Reservation for the Texas Junior Orienteering Camp (TJOC) I may be called on for early pickup and transport of my participant (youth or adult) from camp for medical reasons, including serious injury or COVID-19 symptoms or exposure. I commit to being available for the duration of the camp by phone should I need to be contacted by the camp leadership team and to travel to Sid Richardson Scour Ranch to pick up my participant, for early departure during the week, if required and determined by the camp director. Furthermore, upon consultation with TJOC camp leadership, I agree to pick up my participant within 36 hours of being contacted. I will also provide a second level contact to be prepared for unforeseen circumstances should I not be available."
