

## **Meet Director Notes**

Tyler State Park

April 12, 2025

Welcome to NTOA's annual April meet at beautiful Tyler State Park. Jim Stevens has worked hard on designing a set of challenging courses. There are some slight changes from years past. So, please read carefully.

### **Park Entrance Fee**

1. There is an entrance fee for each person as you enter the park. It is \$6/per person age 13+. Kids 12 and under are free.
2. School groups may qualify for a discount. Please call the park at 1-903-597-5338 to make necessary arrangements.

### **Registration /HQ**

There was a little back and forth, but it looks like we'll have our usual Group Pavilion location.

### **Start & Finish**

Start will be in the same location as last year, about a 15-minute walk from HQ to where an old truck road intersects the Park Road on the northwest side of the park. Course Setter notes will include the exact location. Finish will be near the pavilion, but you'll need to walk down the road to the HQ area to download e-punch.

### **Parking**

**Buses:** Buses should use the large parking lot at the boat ramp about 200 meters north of the group pavilion. Buses can drop off participants near the HQ, but please then follow signage to the parking area.

**Cars:** Best place to park will be in the main lot by the bathhouse, just a short walk to Registration.

### **Restrooms**

There are restrooms and showers at the bathhouse. There are also facilities located near the campgrounds throughout the park.

### **Assisting School**

If your group can help, please contact me at the email below ASAP, and thank you! There is an honorarium paid for helping us at HQ and picking up bags.

Finally: Some areas of the park are marked as “Out of Bounds.” This includes camping grounds that are marked by red stripes on the map. Do not go into these areas. Otherwise, please be respectful of others and pick up after yourself if you bring in water, etc.

Sorry, no Night-O this year, but we’re looking forward to seeing everyone by light of day for this last in-person event of the season! (Don’t forget about our DIY-O still coming up.)
