

James Ray 2026 Meet Director Notes

General Notes

Welcome to Camp James Ray and the fun courses put together by Ralph Courtney.

The registration area will be at the same location as in the past. Simply drive into the camp and park in the two parking lots. Registration will be located in the second large building to your north. It has a large, covered area attached to it. Once you have checked in at registration, you may proceed to the start area.

Since the event is all EPUNCH, there will not be assigned start times. Starts will be one minute apart.

Please make sure you check back in with the Finish area and download your ESTICK even if you did not complete the course. This allows NTOA to know whether there are any missing competitors. The time limit for all courses is three (3) hours. Please return and check in at finish within three (3) hours of starting your course.

Restrooms:

The camp has winterized the restrooms directly behind the registration building and those are closed. There are restrooms at the pavilion just north of the parking lot. They are small but open. There are larger restrooms located northwest of the parking lots, at what was the OLD pool area. There are areas for Youth and Adult, but you may use any of them. There is a timed light switch located just inside the door. The bathrooms at the new pool are also winterized and closed.

Campsites:

Please respect any campsites or activity areas that are in use.

Terrain:

This area is rugged compared to the city parks we often orienteer in, so please dress accordingly with sturdy shoes and long pants.
